WRITING CODE SINCE

01 PROFILE

Grade 12 student at SMA Regina Pacis Surakarta, ranked first in the International Program with a 95 report average. First place in OSN-K Informatika 2026 and more than ten national competition placements across informatics, mathematics, and English. I compete and I ship: a full-stack Next.js dashboard with authentication and a Prisma database, a cross-platform learning app demoed to teachers and students at my school, and a WebGL capture station built for a school event. Currently seeking university scholarship opportunities.

02 EDUCATION

SMA Regina Pacis Surakarta — International Program

2024 – PRESENT

- Report average 95; ranked 1st in the International Program.
- Vice Chair (Wakil Ketua), Robotics Division, Ursuline Technology (U-Tech).
- Peer tutor (Tutor Sebaya), 2024/2025.

03 EXPERIENCE

Founder & Lead — Online Coffee Venture

SCHOOL ENTREPRENEURSHIP PROJECT

Sourcing · pricing · promotion · fulfilment

- Started and ran a small online coffee business end to end, from sourcing and pricing through promotion and order fulfilment.
- Generated approximately Rp 1,000,000 in profit over the run of the project.

Intern — Local cafe, Surakarta

1 WEEK

- Shadowed daily cafe operations. The experience directly prompted the coffee venture above.

04 SELECTED PROJECTS

Personal Dashboard

MAY – JUN 2026

Next.js · TypeScript · Prisma · NextAuth

Account authentication, a Prisma-backed database, and Gemini-generated summaries. Tracks schedule, sleep, habits, gym progress, and finances; syncs with Google Calendar; installs as a PWA.

U-Tech Capture Station

AUG 2026

JavaScript · WebGL · Web Media APIs

Procedural 3D rotary telephone in Three.js. Picking up the handset turns the page into a live camera and microphone booth with a waveform visualiser that writes each take to disk.

StudyMate

APR – JUN 2026

React Native · Expo · Firebase

Cross-platform learning app for students, teachers, and admins covering exams, materials, quizzes, and grades behind role-based access. Demoed to a teacher and a group of students.

React · React Router · Vite

Community site for U-Tech, the technology community for SMP and SMA Regina Pacis students.

Traffic Maze Solver

AUG 2025 – APR 2026

C++

Dijkstra over a simulated 2D traffic grid, weighting each cell by congestion rather than distance, with path reconstruction and an ASCII render of the route.
